TONIGHT'S GUEST SPEAKER:

"Potential Impacts of Climate Change on Minnesota's Ecosystems"

Dr. Jeffrey Corney serves as Managing Director of the University of Minnesota's Cedar Creek Ecosystem Science Reserve, overseeing operations of the 5,400-acre long-term ecological research field station, and serves as Adjunct Faculty in Ecology. Dr. Corney's primary area of study focuses on the human dimension of natural resource management.

THANK YOU HOSPITALITY HOSTS:

This evening's Hospitality Hosts are Brian Cooper, Barb Meyer, Karen Milton, Carol Morse, and Barb Parisien. Special thanks to Cecilia Frederick for coordinating Hospitality Hosts.
